

## **A System's Approach to Solving the RtI Challenge Session I**

Dr. Lawrence D. Tihen  
Executive Director of Curriculum and Staff  
Development

Maria Callis Schneider  
Secondary Reading Coordinator

Virginia Department of Education RtI Summer Conference  
July 2009

---

---

---

---

---

---

---

## **RESPONSE TO INTERVENTION (RtI) PRESENTATION AGENDA**

- General information
- District Alignment
- Elementary Schools RtI System
- Middle School RtI System
- High School RtI System
- Three Tier component guidelines-
  - Reading
  - Mathematics
- Florida Reading Model
- Questions?

---

---

---

---

---

---

---

## **School District of Lee County Demographics**

- Number of Students – 80,000
- Number of New Students- 16,500
- Percentage Minority/Majority- 52%/48%
- Percentage Free/Reduced Lunch- 65%
- Number of Languages/Countries represented- 98/159

---

---

---

---

---

---

---

## School District of Lee County Demographics

- Number of Teachers – 4,948
- Number of New Teachers Each Year- 300-600
- Number of District Schools – 94
- 47% of new students to our district perform below grade level standards on district and state assessments.

---

---

---

---

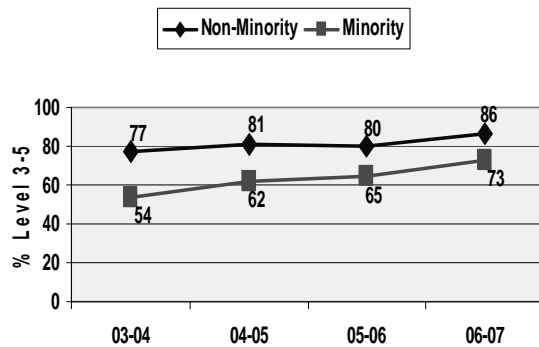

---

---

---

---

## Grade 5 FCAT Reading Achievement Gap

---

---

---

---

---

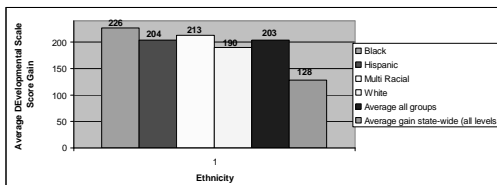

---

---

---

## AYP and moving the lowest Quartile

Lee County, Florida – *LANGUAGE!* Students Grade 7  
FCAT - Match scores Spring 2005 - Spring 2006  
N = 1872

---

---

---

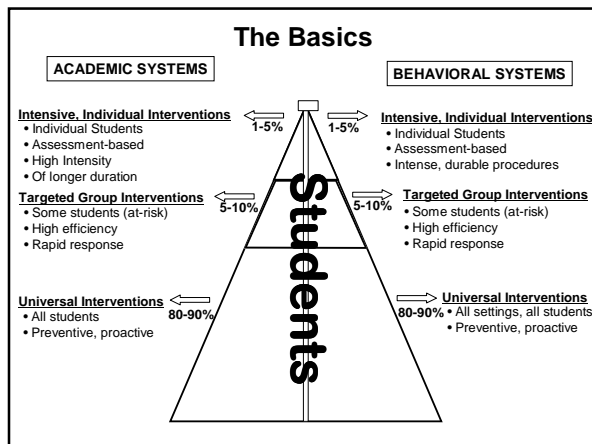

---

---

---

---

---

---

---

---

---

---

---

---

---

### System's Considerations

1. Demming---95% of organizational problems are systemic
2. Creates a common language and problem-solving base for all district staff
3. Operationalizes the district vision and mission
4. Creates a common problem-solving framework

---

---

---

---

---

---

---

---

### System's Considerations

5. Moves you from a constant change process to a continuous improvement process
6. Guided by the research and the data
7. Creates a process for reducing variation and possible options
8. All systems left to themselves move toward the greatest state of disorder

---

---

---

---

---

---

---

---

---

---

---

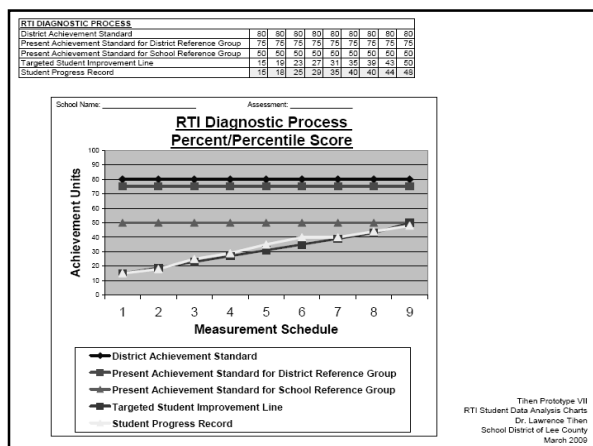

---

---

---

---

---

---

---

---

---

---

---

---

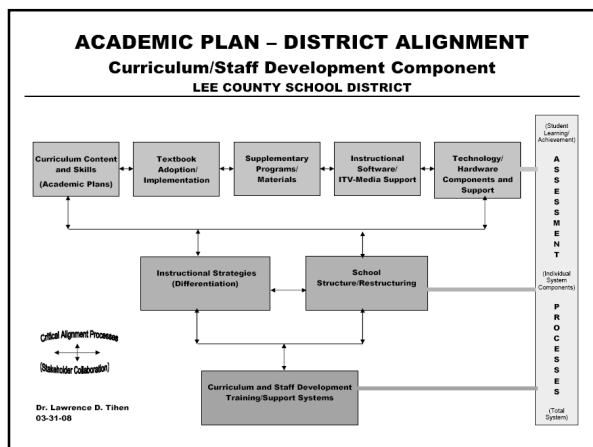

---

---

---

---

---

---

---

---

---

**Level One Considerations**

- Curriculum Content and Skills
- Textbook Adoption/Implementation
- Supplementary Programs/Materials
- Instructional Software/ITV-Media Support
- Technology/Hardware Components and Support

---

---

---

---

---

---

---

---

---

---

---

---

## Curriculum Content and Skills

- Sunshine State Standards
- National Reading Panel findings
- Community and Teacher priorities
- Academic Plans by quarter

---

---

---

---

---

---

---

## Textbook Adoption Process

- Does the textbook align with the curricular objectives at the respective grade levels?
- How much adjustment/modification is needed in relation to our academic plan?
- Within the text itself, are there provisions for differentiation of content and/or instruction based on student educational needs?

---

---

---

---

---

---

---

## Supplemental Programs/Materials

- Selected **after** we have investigated the match between our curricular content and the selected textbook
- Select a supplemental program that addresses the gaps between the curricular content and the selected textbook

---

---

---

---

---

---

---

### Instructional Software/ITV- Media Support

- Aligns with and supports the curriculum/textbooks/supplemental programs
- Software adopted should not “fragment” the academic content and/or instructional processes

---

---

---

---

---

---

---

### Technology/Hardware Components and Support

- Governed by the types of software components we have selected
- Limitations may restrict software solutions/programs

---

---

---

---

---

---

---

### Level 2 Considerations

Considerations during the textbook adoption process also include:

- Instructional Strategies to meet students needs
- Alignment of the school's structure with the curricular content and the instructional strategies' requirements

---

---

---

---

---

---

---

### Instructional Strategies (Differentiation)

- Systematic, Explicit Instruction
- Implicit Learning Opportunities
- Differentiated Instruction Opportunities
- Meets instructional delivery requirements of Response to Intervention (RtI)

---

---

---

---

---

---

---

### School Structure/Restructuring

- Does the present school structure allow for implementation with fidelity of the program to be selected?
- If not, can the school(s) be restructured in a manner compatible with the delivery requirements of the program?

---

---

---

---

---

---

---

### School Structure/Restructuring Examples

- Is mutual teacher planning time available for instructional teams?
- Is access to labs available for technology based programs/supplements?
- Is time scheduled based on educational need?
- Is there alignment of reading instruction provided by the reading teachers and the reading instruction/practice provided through content area teachers?

---

---

---

---

---

---

---

## Assessment Processes

Three Pronged Approach:

- Student learning/achievement
- Investigation of each individual component
- Evaluation of the interaction effects for the total system

---

---

---

---

---

---

---

---

## Critical Alignment Processes

- Process Requirements Vary Across District Departments/Schools
- Processes are flexible

---

---

---

---

---

---

---

---

---

---

---

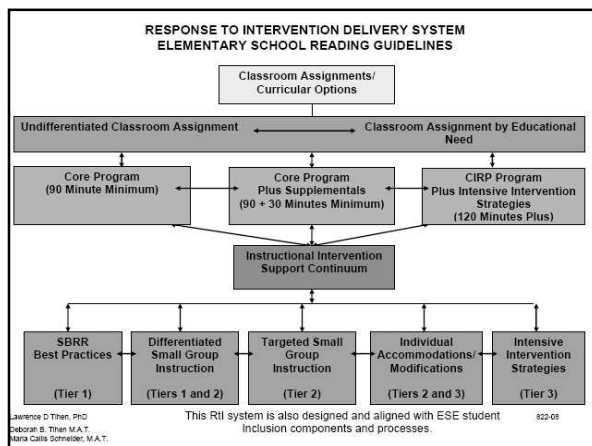

---

---

---

---

---

---

---

---

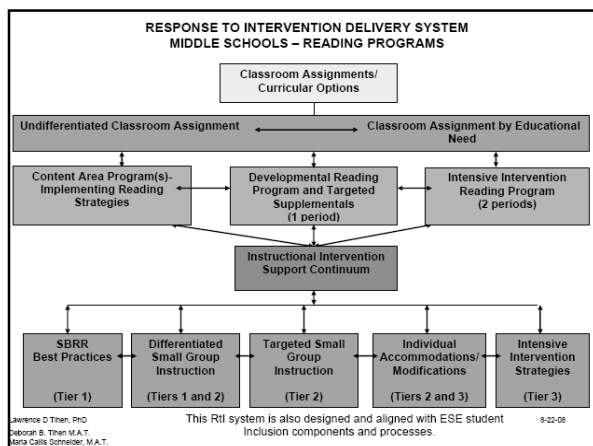

---

---

---

---

---

---

---

---

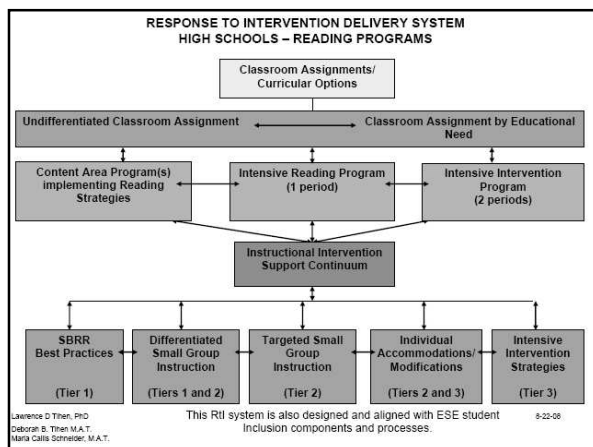

---

---

---

---

---

## Instructional Function of RtI

- Each tier is minimally comprised of four components:

1. Focus of Instruction
2. Group Size
3. Academically engaged time and
4. Frequency of Assessment

---

---

---

---

---

---

---

---

## RESPONSE TO INTERVENTION – READING PROGRAM

### Elementary Tier Component Guidelines

TIER COMPONENTS	TIER ONE Core	TIER TWO Strategic	TIER THREE Intensive
<u>Focus of Instruction</u>	SBRR Comprehensive Core Reading Program (CCRP)	CCRP with Supplemental Programs/Interventions Targeted to Student Needs	Comprehensive Intervention Reading Program (CIRP) with Intensive Intervention Strategies Targeted to Specific Individual Student Needs
<u>Grouping/Student Assignment Numbers</u>	Large Group with Differentiated Small Groups	Reduced numbers of Students in Both Large and Differentiated Small Groups with <u>specifically</u> facilitated instruction	Differentiated Very Small Group and Individual (3 or Less Students per Group)
<u>Academic Endings Time (AET)</u>	Ninety (90) Minute Block of Uninterrupted Reading Instruction (U)	Ninety (90) Minute Block, with an Additional Thirty (30) Minutes of Intervention (U)  <u>Increased</u> Systematic Explicit Instruction and Practice	120 Minutes Plus – Additional Time Allocated in Relation to a Number and Severity of the Student's Needs (15 to 30 Weeks Intervention) <u>Highly Increased</u> Systematic Explicit Instruction and Practice.
<u>Frequency of Assessment</u>	Three to Four Screenings per Year to Monitor Student Progress (DIBELS, FORF, CBA)	Progress Monitoring Every Two Weeks Minimum (Cognitively Individualized (Cog) Reading, CBA)	Individual Assessment Schedule based on the Number and Severity of the Student's Needs (CBAS)

<sup>\*\*</sup>Students may move from both lower to higher tiers and higher to lower tiers.

The Rtl system is also designed and aligned with ESE student inclusion components and processes.

Dr. Lawrence Tihen  
Deborah Burton Tihen, M. A. T.  
Maria Callis Schneider, M. A. T.  
3-30-2009

RESPONSE TO INTERVENTION – MIDDLE READING PROGRAM  
Tier Component Guidelines

TIER COMPONENTS	TIER ONE Core	TIER TWO Strategic	TIER THREE Intervention
<u>Focus of Instruction</u>	Content Area Programs implementing reading strategies	Developmental Reading Program for Level 1 and above students  Programs/Interventions Targeted to Student Needs	Comprehensive Intervention Reading Program (CIRP) with Intensive Intervention Strategies Targeted to Specific Individual Student Needs
<u>Grouping/Student Assignment Numbers</u>	Large Group with Differentiated Small Groups	Reduced numbers of Students in Both Large and Differentiated Small Groups with <u>specifically</u> targeted instruction	Reduced numbers of Students in Both Large and Differentiated Small Groups and Individual Instruction
<u>Academic Engaged Time (AET)</u>	Content Area Classes One Period each	One Period Developmental Reading Class  <u>Increased</u> Systematic Explicit Instruction and Practice	Two Period Intensive Reading Block  <u>Highly Increased</u> Systematic Explicit Instruction and Practice.
<u>Frequency of Assessment</u>	Three to Four Screenings per Year to Monitor Student Progress (FORF, MAZE, CBA)	Progress Monitoring Every Two Weeks Minimum (Group/Individual) (Cold Reads, CBA)	Individual Assessment Schedule based on the Number and Severity of the Student's Needs (CBAS)

<sup>a</sup>Students may move from both lower to higher tiers and higher to lower tiers.

The Rtl system is also designed and aligned with ESE student Inclusion components and processes.

Dr. Lawrence Tihen  
Deborah Burton Tihen, M. A. T.  
Maria Callis Schneider, M. A. T.  
3-30-2009

RESPONSE TO INTERVENTION – HIGH READING PROGRAM  
Tier Component Guidelines

TIER COMPONENTS	TIER ONE Core	TIER TWO Strategic	TIER THREE Intensive
<u>Focus of Instruction</u>	Content Area Programs implementing reading strategies	Supplemental Intensive Reading Program with Programs/Interventions Targeted to Student Needs	Comprehensive Intervention Reading Program (CIRP) with Intensive Intervention Strategies Targeted to Specific Individual Student Needs
<u>Grouping/Student Assignment Numbers</u>	Large Group with Differentiated Small Groups	Reduced numbers of Students in Both Large and Differentiated Small Groups with <u>specificity</u> <u>targeted</u> instruction	Reduced numbers of Students in Both Large and Differentiated Small Groups and Individual Instruction
<u>Academic Engaged Time (AET)</u>	Content Area Classes One Period each	One Period Intensive Reading Class  <u>Increased</u> Systematic Explicit Instruction and Practice	Two Period Intensive Reading Block  <u>Highly Increased</u> Systematic Explicit Instruction and Practice.
<u>Frequency of Assessment</u>	Three to Four Screenings per year to Monitor Student Progress (FORF, MAZE, CBA)	Progress Monitoring Every Two Weeks Minimum (Group/Individual) (Cold Grade 7-8A)	Individual Assessment Schedule Based on the Number and Severity of the Student's Needs (IRIN)

\*Students may experience multiple components across tiers.

The Rtl system is also designed and aligned with ESE student inclusion components and processes.

Dr. Lawrence Tihen  
Deborah Burton Tihen, M. A.  
Maria Callis Schneider, M. A.  
3.30.2000

**RESPONSE TO INTERVENTION – MATHEMATICS PROGRAMS**  
Tier Component Guidelines for Elementary, Grades K - 5

TIER COMPONENTS	TIER ONE Core	TIER TWO Strategic	TIER THREE Intensive
<b>Focus of Instruction</b>	Core Math Program (CMP) with differentiated instruction	CMP with embedded Supplemental Program Interventions targeted to student needs	CMP with (1) embedded Supplemental Program and (2) Intensive Interventions targeted to student needs
<b>Grouping/Student Assessment Number</b>	Large and differentiated small group instruction	Large group with differentiated small group (3 or less) Supplemental Intervention	Small group (3 or less) and individual Intensive Intervention
	Study (60) minute class	Study (60) minute class with thirty (30) minutes of intervention scheduled twice a week	Study (60) minute class with a thirty (30) minute Intensive Math class meeting once a day
<b>Academic Enriched Time (AET)</b>	Two (10) – twenty (20) minutes of daily calendar math	Two (10) – twenty (20) minutes of daily calendar math  Increased systematic explicit instruction and practice during intervention sessions	Two (10) – twenty (20) minutes of daily calendar math  Highly increased systematic explicit instruction and practice during intervention sessions
<b>Frequency of Assessment</b>	Three to four times per year to monitor student progress (CBA and District Assessments)	Once a month minimum progress monitoring of identified students (CBA and District Assessments)	Twice a month minimum progress monitoring of all participating students (CBA)

This Rtl system is also designed and aligned with ESE student Inclusion components and processes.

Lawrence D. Tihen, PhD  
Deborah Burton Tihen, M.A.T.  
Sharon Vandeventer, M.A.T.

5-20-09

## First Systemic Scaffolding Processes

- The use of **systematic, explicit instruction** to teach individual reading skills and strategies.

---

---

---

---

---

---

---

## Explicit, Systematic Instruction

- Informs the students of **WHAT** is going to be learned
- Informs the students of **WHY** it is being learned
- **EXPLAINS/MODELS** the skill/strategy
- Provides **INSTRUCTIONAL SUPPORT/FEEDBACK**

---

---

---

---

---

---

---

## Explicit, Systematic Instruction

- Provides **PRACTICE** opportunities
- Ensures appropriate student **APPLICATION** of the skill/strategy
- Establishes **STUDENT SELF MONITORING**

---

---

---

---

---

---

---

## Second Systemic Scaffolding Process

- The use of **implicit instruction** to teach reading skills
  - Typically utilized in “Round-Robin” Reading activities
  - Effective when 95% of Reading skills/knowledge needed to read and understand the text are present- (Matthew Effect)

---

---

---

---

---

---

---

## Third Systemic Scaffolding Process

- The use of multiple Reading activities with the same text
- Students may demonstrate multiple skill deficits
  - Each Reading activity has individual benefits- listed on the model
  - Example of a multiple Reading Activity scaffold

---

---

---

---

---

---

---

## Fourth Systemic Scaffolding Process

- Instruction of pre-requisite Reading skills to assist in the development of more advanced Reading skills
- Development of these Reading skills is a cyclical and continuous process

---

---

---

---

---

---

---

## Fourth Systemic Scaffolding Process

- Pre-requisite Skill Considerations
  - Comprehension → Fluency → Word Automaticity → Phonics → Phonological Awareness
  - Comprehension → Vocabulary → Prior Knowledge → Oral Language
- Alignment of Strategies Across Grade Levels

---

---

---

---

---

---

---

## Fifth Systemic Scaffolding Process

- Instruction in Student **Application of Reading skills** to Reading activities
- Examples:
  - Phonics skills → Shared Reading
  - Story Mapping → Read Aloud
  - Higher Level Thinking Skills → Read Aloud, Supported Reading, Independent Reading

---

---

---

---

---

---

---

## Sixth Systemic Scaffolding Process

- **Independent Reading**
  - NRP: reports more research is needed
  - Practice/Application of Reading skills
  - Explicit to implicit learning transition
  - Analysis and explicit teacher feedback supports the transition!

---

---

---

---

---

---

---

## Thank you

for the contributions **You** make to **RtI**  
for the **Students** in your districts!

---

---

---
